FOREWORDS

Barangay Officials play a very important role in local governance, particularly in the promotion of the general welfare of their constituents, yet they receive only small amount of their honoraria. Each time a Barangay Official gets sick which requires hospitalization his/her family is often hard-pressed to look for the money for the purchase of medicines and payment of hospital bills. Because of financial hardship Barangay Officials who are severely injured or afflicted with serious ailment are unable to buy the medicines and other medical needs essential for their recovery.

It is sad to note that in spite of their invaluable contribution towards the promotion of the general welfare of their constituents, Barangay Officials seem to be neglected by the government in so far as Hospitalization Assistance and other Medical benefits are concerned

Therefore, it is high time that our Government must show deep concern to the Health problem of the Barangay Officials by extending financial assistance to anyone of them who may be confined in the Hospital for serious injury or ailment, hence the adoption of this
